In the Matter of **GTE Telephone Company's**
Request for Approval of Certified Actual Costs
Associated with the **Stearns County** 911
Emergency Telephone Services System

ISSUE DATE: **March 13, 1996**

DOCKET NO. **P-407/ES-95-1415**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On April 30, 1985, the Minnesota Public Utilities Commission (the Commission) approved Stearns County's final plan for the establishment of a 911 Emergency Telephone Services System.

In March, 1986, Contel of Minnesota d/b/a GTE Telephone Company (the Company) placed a portion of a 911 Emergency Telephone System into service in Stearns County.

On February 2, 1988, the Commission approved the Company's initial cost certification for the establishment of a 911 Emergency Telephone System in Stearns County.

In July, 1989, the Company added Automatic Number Identification (ANI) service in the Belgrade and Elrosa exchanges in Stearns County. On June 1, 1995, the Company added Automatic Location Identification (ALI) service in the Belgrade and Elrosa exchanges in Stearns County.

On October 18, 1995, the Company certified the additional actual costs it incurred for the provision of 911 Emergency Telephone Service in Stearns County.

GTE is now requesting Commission approval of actual 911 system costs associated with the provision of ANI service in the Belgrade and Elrosa exchanges in Stearns County. GTE is not requesting certification of 911 systems costs associated with the provision of ALI service. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

GTE has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Stearns County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Stearns County which have been certified by the Company are appropriate and accurate.

ORDER

1. The costs identified on Attachment A accompanying this Order are approved as appropriate and accurate.
2. This Order does not approve payment of any 911 system costs. Any possible future approval of payment for system costs shall be granted by the Commissioner of the Department of Administration in accordance with the provisions of Minn. Stat. Section 403.11.
3. This Order shall become effective immediately.
